This Recipe Journal is exactly what I needed! Not only is it convenient to use, it has a great space to right an index in front of the book, and numbered pages. There's plenty of lines per page that allows; servings, prep time, and cook time. There's 2 separate sides per page. First row is for ingredients list, second row is for directions, and at the bottom of the second row is a Notes Section.All in all, I am going to get a few of these to log all my healthy recipes to. Since my diet consists of "S" meals, and "E" meals, I can separate them in 2 different journals. So convenient!

Looks exactly like the picture! I love how it has an index in the front you can fill out as well. It has everything from serving size and prep/cook time to calories, fat etc....

Recipe books are very nicely arranged. Easy to use and attractive to give as gifts....very nice product...will order more when these are full.....Thank you for such a nice product.

It serves its purposes, but I was hoping for something less flimsy. This is just a paperback notebook with some pre-printed pages. I guess I was just hoping for a bit more.

It's a paperback :(Enough said.

Nice, simple book

It's great! Plenty of room to write everything you need. I like how you can be more detailed and it's not just a blank journal/notebook. Great present. My honey is a chef and loves it!

Nice book for storing recipes. I wish the format was a little different though because I can't fit very many words on a line.
