Terrific T-Shirt Quilts: Turn Tees Into Treasured Quilts

Synopsis

Transform your favorite tees into a fantastic quilt--even tiny infant tees, sweatshirts, sports jerseys, and super-stretchy dancewear! Extra-large logos? Pockets and embellishments? No problem! Create a personal treasure or a one-of-a-kind gift that will be cherished for years to come. Mix and match motifs of different sizes and shapes for fun and easy designs. Preserve favorite memories with themed quilts such as sports, school pride, travel and adventure, music, and more in sizes ranging from lap to bed sized. Find out how fusible interfacing and zigzag seaming ensure success with stretchy T-shirt fabric.

I bought this book for ideas on how to layout a t-shirt quilt for my granddaughter to take to college. Great ideas and layouts for numerous quilts. I did notice that there were several images that don't show up. The word "image" shows up where one should be. That is towards the end of the book. I don't think it's anything that would spoil the directions.

This book offers valuable tips for those of us who've wanted to make a T-shirt quilt but avoided it because of the challenge of working with knit fabrics. Directions are clear and the patterns offer delightful ways to set the clothing incorporated into the quilts. This book is a much-needed addition to any quilter's library.

Working with recycled clothing like t-shirts can be tricky but this book offers you lots of tips and tricks for successfully repurposing cherished t-shirts into warm and snuggly quilts. There are a wide variety of interesting and innovative layouts for block piecing that you can choose from that best work with your collection. Whether you like formal block layouts or more random and "collage" style you will find one you like in this diverse and creative collection of quilt patterns.

Used it to make a Minecraft tee shirt quilt for granddaughter. She loved it. My fellow quilters really admired the patterns and the simplicity of the directions. Good book!

I Love the t-shirt patterns in this book! Gives different ideas on how to prepare and assemble a memory quilt. Love It!
