Zak George's Dog Training Revolution: The Complete Guide To Raising The Perfect Pet With Love

Synopsis

A REVOLUTIONARY WAY TO RAISE AND TRAIN YOUR DOG Zak George is a new type of dog trainer. A dynamic YouTube star and Animal Planet personality with a fresh approach, Zak helps you tailor training to your dog's unique traits and energy level leading to quicker results and a much happier pet. For the first time, Zak has distilled the information from his hundreds of videos and experience with thousands of dogs into this comprehensive guide that includes:

- Choosing the right pup for you
- Housetraining and basic training
- Handling biting, leash pulling, jumping up, barking, aggression, chewing, and other behavioral issues
- Health care essentials like finding a vet and selecting the right food
- Cool tricks, traveling tips, and activities to enjoy with your dog
- Topics with corresponding videos on Zak's YouTube channel so you can see his advice in action

Packed with everything you need to know to raise and care for your dog, this book will help you communicate and bond with one another in a way that makes training easier, more rewarding, and most of all fun!

Dogs have a lot to teach us about unconditional love, play, learning to enjoy the small things in life, and not holding grudges. We also have a lot of things to teach our pet, but how can we learn to effectively communicate and train our pup without losing patience? Each dog learns a little differently, but in this book Zak George provides a not only humane way to train, but a way that

succeeds. He gives detailed, easy step-by-step training techniques that not only train the dog, but the human as well. The layout is well done and easy to follow and easy to navigate when you're wanting to work on specific skills. The Kindle edition almost seems a little better, since it has the video links right in the book, but links are easy to find even with physical edition. Outcome So Far: I started watching his Youtube videos when I got two puppies and this book goes into a little more detail on his topics plus a few additional ones. Since adopting his training tips from this book as well as the videos, I've seen leaps and bounds in communication with my two dogs. Admittedly, mine came kennel trained, are obsessed with grooming (teeth brushing, fur brushing), loving bath time, ignore cars, and haven't learned all the tricks he teaches yet (since we haven't gotten to all of them) so I can't attest to all the techniques. The ones I've tried, however, have done wonders. They sit, they stay consistently (even from far distances and with distractions), His technique for getting them to speak was the only one that worked (I tried about 6 or 7 others out there before I found his). His leash training technique got my dogs walking without pulling in less than 2 weeks and they're 5 months old.
