Customer Reviews

This item was labeled as used and it was and I expected that. My disappointment was in the suggestion of colors used in the book which from my experience in both reading Beatrix Potter and doing licensed embroidery of hers, these were not accurate. This is not the fault of the seller, but my disappointment in the product. When I rated the item as I did initially it was because of this, which has nothing to do with the seller, I received it promptly, and when I first reviewed it she asked that it be returned. However if I am rating the item I didn't like it.
