The Weekend Crafter: Painting Floorcloths: 20 Canvas Rugs To Stamp, Stencil, Sponge, And Spatter In A Weekend

Synopsis

This follow-up to the successful Complete Book of Floorcloths is a shorter, less-expensive, entry-level paperback by the same author. Step-by-step color photos and reader-friendly instructions guide readers through colorful contemporary projects, from small canvas rugs to a table runner and window valance.

Customer Reviews

I got this book from my local library and read it from cover to cover. It was informative, clear and made the process managable for non-painter types (like me). I had to have the book!

I read this book from cover to cover. I am not a painter and have never attempted anything like this before. I wanted to be sure that I was getting all the information I needed to be prepared in painting my first floorcloth. This book is a must have for anyone that wants to start painting floorcloths. The information is very detailed with step by step instructions for many projects. I learned so much about the differences in canvas,paints,techniques,what different tools to have and what they can do. You must check out kathy coopers website. It's great. She has given me the confidence and the background information to enhance my skills as a crafter and artist.

Having made several floorcloths, I was encouraging my sister to try it. I bought this book not only

because it offers easy to understand step by step directions, it also makes you realize that you don't have to be an artist to create a beautiful cloth. The author's ideas are so creative, yet simple enough that anyone reading this book will be motivated to give this project a try.

This book is great! I have a problem with understanding instructions - the author includes plenty of photos (without them I'd get nowhere) to make the process simple. I love the bright colors and designs she uses, too. She includes a variety of techniques, and applications ranging from placemats to large rugs. It opens up a whole range of ideas - but most important, this gives a good starting point, with very clear instructions for the beginner like me. In fact, I loved it so much I bought another book by the same author.

Was looking for basic information on designing and creating floor cloths and I found it in this publication. My floor cloths are looking great. Thanks!

I used ideas from this book to make memories and keepsakes with my grandchildren. I have really enjoyed it. Easy to use.
