This is by far the best cookbook I have ever owned! The restaurants where these recipes come from are outstanding and to be able to recreate them in my home is so wonderful! I recommend this to everyone. I recommended it to my butcher and even bought another copy to give to my son for Chanukah, which this year starts Nov. 27th and coincides with Thanksgiving. This is a 5 star+ cookbook!!!!

I love all the Prime restaurants and this cookbook is the best thing ever!! I have tried a few recipes and they are all the real deal. They come out EXACTLY as the ones served to me at their restaurants. There's also a lot of interesting background information and biographies. A must have for anyone who enjoys any of the Prime family of restaurants.

I found the cookbook to be just average. The recipes included are for foods most people aren't

interested in making. There are a few that will interest some fans of the Prime Grill, but most recipes won't. In addition, the recipes are too simple! Not simple in the preparation and time needed for the recipes, but for the ingredients used. What makes the Prime Grill stand apart is their dry aged quality meat. If you aren't going to use the same quality meat, fish, etc then this cookbook is meaningless to you.

Not enough pictures of the recipes

great book easy to use

Release date has been pushed back again.Will I ever see the Prime Grill Cookbook???Perhaps after all the holidays are over and I won't need it until next spring!
