Praxis II English Language Arts: Content Knowledge (5038) Exam Secrets Study Guide: Praxis II Test Review For The Praxis II: Subject Assessments

Synopsis

Includes Praxis II Practice Test Questions Get the test prep help you need to be successful on the Praxis II Language Arts: Content Knowledge test. The Praxis II Language Arts: Content Knowledge (5038) Exam is extremely challenging and thorough test preparation is essential for success. Praxis II Language Arts: Content Knowledge (5038) Exam Secrets Study Guide is the ideal prep solution for anyone who wants to pass the Praxis II Language Arts: Content Knowledge Exam. Not only does it provide a comprehensive guide to the Praxis II Language Arts: Content Knowledge Exam as a whole, it also provides practice test questions as well as detailed explanations of each answer. Our Praxis II Language Arts: Content Knowledge study guide includes:

- A detailed overview of Praxis II Language Arts: Content Knowledge (5038) Exam
- An examination of reading
- A guide to language use and vocabulary
- An analysis of writing, speaking, and listening
- Comprehensive practice questions with detailed answer explanations

It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the Educational Testing Service (ETS) expects you to have mastered before sitting for the exam.

The Reading section covers:

- Making inferences about informational text
- Text features in informational texts
- Use of rhetoric
- Logical fallacies
- Persuasive media
- Novels
- Rhetorical devices
- Hamlet's tragic flaw
- Teacher interpretation of research

The Language Use and Vocabulary section covers:

- Dialect
- Drawbacks to wordprocessing
- spell checkers
- Figures of speech
- SSBI classroom teaching approach
- Research findings about vocabulary instruction

The Writing, Speaking, and Listening section covers:

- Literature review
- Sensory details and concrete vs. abstract descriptions
- Paragraph
- Whole-class learning circles
- Informative/explanatory writing
- Research-based assessment techniques
- Creating safe educational environments

These sections are full of specific and detailed information that will be key to passing the Praxis II Language Arts: Content Knowledge Exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual Praxis II Language Arts: Content Knowledge Exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high

standards for our test preparation guides, and our Praxis II Language Arts: Content Knowledge Exam Secrets Study Guide is no exception. It's an excellent investment in your future.

Customer Reviews

I know a lot of people DO NOT like this Praxis Study Guide. Keep in mind, this is meant to be like a Cliff Notes version. If you want a more comprehensive study book, you should buy the older study guide (the one before they changed the numbers for all the tests). Also, you can go on the ETS website and take their practice study tests. Onto the review. Like some people mentioned, this book does seem to jump around a bit. HOWEVER, I do not feel it is disjointed. There is usually some sort of segue from one section to another, (unless the title heading specifically changes for that entire section). This Guide is more of a Review of what you've already learned, not a Preparatory book. I like that because I already studied all this stuff in school and just needed a refresher. Also, I'm one of those people who is not good at studying, so this Guide is actually able to keep my attention. I gave it 4 stars instead of 5 for two reasons: it only has 1 sample test. In fact, I can't find any source with more than one sample test. The other reason is that because this book is a review, it goes over a lot of literary terms, but it doesn't go over the meanings of all those terms. I suggest you keep an internet-connected device near you at all times while studying with this book so that you can look up a term that you don't understand or that you would have liked the book to have expounded on. I think Study Guide is best for crammers, not people who actually take the time to sit and study.

This is just ok. I wouldn't recommend it if you need to prepare quickly for this exam because it doesn't really match the way the test is worded. It is also pretty poorly organized. I used the Cliff'sNotes book for Principles of Learning and Teaching - I only didn't get the Cliff'sNotes version for English Language Arts because it wasn't available yet on .

This book (and all books in the series) is poorly written. Key words are not bold and they oddly repeat information. Like there will be a section on Shakespeare and then a few pages later, they are talking about Shakespeare again! It's odd. However, the practice test seemed more like the real exam than the sample one Praxis has to offer. But if you're looking for information to study, I suggest looking on Quizlet (app or website) for terms and information.

It has been a great introduction to the material and great refresher course. I appreciated the study suggestion of reading through the material, then taking notes, then studying. This has been a great way for me to study the material.

This series of books has been invaluable. Don't take a Praxis test without one. I have taken and passed 12 of these tests by reading the book the day before, reviewing and researching information I am unfamiliar with that night and the following morning, and taking the test. Probably not a recommended method, but it works for me.

Great study tool. I was glad to see that the guide is detailed but concise. I have been studying other material, but your book is a one stop shop that I can take with me anywhere I go. This will help me to maximize my study time. I also appreciate you providing a link where I can obtain additional information to help my study. And now you are providing a free Study Skills DVD. Love this product and will be looking to purchase additional help tools.

When I first opened the book, I was not sure what to find, but I found that the material is very easy to read and apply to classes I have had before. Also, there are excellent tips on how to study for the Praxis II.

I find this study guide to be an easy read! I was expecting more of a practice test guide, but this is better! The study guide is direct and straight to the point. I have been reading it for the past few weeks now and making notes on index cards, highlighting important points for me to remember. It

helps clarify many things I thought would take me a while to understand.
