SAT Subject Test[®]: Biology E/M Crash Course Book + Online (SAT PSAT ACT (College Admission) Prep)

Synopsis

SAT Subject Test®: Biology E/M Crash Course - Gets You a Higher Score in Less Time Our Crash Course is perfect for the time-crunched student, the last-minute studier, or anyone who wants a refresher on the subject. Are you crunched for time? Have you started studying for the SAT Subject Test®: Biology? How will you memorize everything you need to know before the exam? Do you wish there was a fast and easy way to study for the test AND raise your score? If this sounds like you, don't panic. REA's Crash Course is just what you need. Crash Course gives you: Targeted, Focused Review - Study Only What You Need to Know The Crash Course is based on an in-depth analysis of the SAT Subject Test®: Biology E/M course description and actual test questions. It covers only the information tested on the exam, so you can make the most of your valuable study time. Our easy-to-read format gives you a crash course in: cellular and molecular biology, ecology, genetics, organismal biology, evolution, and diversity. Expert Test-taking Strategies Our experienced biology teacher shares test tips and strategies that show you how to answer the questions you'll encounter on test day. By following our expert tips and advice, you can raise your score. Take REA's Online Practice Exams After studying the material in the Crash Course, go online and test what you've learned. Two practice exams (one for Biology-E and one for Biology-M) feature timed testing, diagnostic feedback, detailed explanations of answers, and automatic scoring analysis. The exams are balanced to include every topic and type of question found on the actual SAT Subject Test®: Biology E/M, so you know you're studying the smart way. Whether you're cramming for the test at the last minute, looking for extra review, or want to study on your own in preparation for the exam - this is one study guide every biology student must have. When it's crucial crunch time and your exam is just around the corner, you need REA's Crash Course!

Customer Reviews

I read through the whole thing, and every once and a while I'd find mistakes. Sometimes there would be parts in the reviews that would be blatantly wrong. Then, in the online practice test, there were two questions that were completely wrong; I even had my ap bio teacher look at them to see if I was just confused. Also, the explanations for the questions aren't very good. I'd recommend this for studying, but only if it's just for a light review and you know what you're doing for the most part.

got to have this series if you want to do well:)
