## **Customer Reviews**

Clearly written, with large pictures of embroidered items so you can see the stitches easily. Well organized and simple to follow. Good additions of new techniques and designs. A must for your reference library.

As a newcomer to crazy quilting, this book provided enough inspiration to last forever. Although not directly geared to crazy quilting, the drawings and directions are so clear that embroiderers of all levels will benefit. Highly reccomend for stitchers of all needle crafts.

Silk ribbon embroidery is simply gorgeous. I took a crazy quilting class, and got hooked. For someone who preferred to do all her sewing by machine -- this is quite phenomenal. Helen Dafter's silk ribbon creations are stunning. All her books have beautiful detail, and allow me to follow the steps and create beautiful silk ribbon embroidery on my crazy quilts.

Book is mostly crude sketched pictures for instructions and patterns. Only 6 pages of colored pictures showing finished designs. Many books with better instructions and more of them than this.

Would never had bought this if I had been able to see it first.
