My mistake...Saw the name NINJA and didn't know they had so many different types. I have a NINJA professional but I guess I can use some of the recipes in the BLENDER book. Ninja juicer...Ninja professional...Ninja ultra...Ninja this..Ninja that....make sure you have the right book for the right Ninja.

Ninja Blender Recipe Bible has been a great book on recipes I can use in my beloved Ninja. I found

the dessert section appealing with the Coffee Ice Cream and can't wait to try it. Overall, I can say that this book has a lot of good recipes you should check out.

I was very fascinated with the Magic Bullet and how great the recipes tasted, I looked up all the books by this author. This time I focused on the soup recipes. I love to make soup and freeze it for the winter months. I tried several of the recipes at one time. The soups turned out great. They were very savory and the ingredients are easy to find. I can't wait to try the salad recipes. P. Selt has done it again. Great Job!

This book was a big disappointment. A very thin book, with very few recipes, hardly a bible. Not useful at all.

With this wonderful Book i am using my Ninja Blender more and more. Great Recipes easy to follow. So many recipes from smoothies, juices, soups, sauces baking, salads dressing and so much more. I am using my Ninja now more often. This book is so helpful a "must have" for any ninja owner

This book should really be helpful to you to make over 50+ delicious and healthful smoothies & juice. Firstly, It gives an introduction about food processing with Ninja blender along with yummy juice recipes, soups and more. Simultaneously provides you the methods to make a flavorsome juice within a very small time with the Ninja blender so no need to waste your valuable time anymore. I really love the recipes included here and of course I'll try most of them in near future.

There are not 50+ recipes. There are 50 exactly and they are so...underwhelming. Not worth the \$\$\$. You would be better just searching online for free recipes.

What a ripoff!!! I paid \$9.99 for what is a little booklet that is basically worthless. The recipes aren't even appetizing. The worst \$10.00 I've ever spent! I can't even send it back because it is what it said it was; a recipe book with 50 recipes. Don't waste your money...
