The Needlepoint Answer Book

Synopsis

What questions do you have about needlepoint? Dry blocking, laying tools, mesh size -- it can be so confusing. Find the answers in this handy guide to needlepoint. Written by a life-long stitcher, beginning stitchers will find it a perfect and easily understood guide to the world of needlepoint. Even experienced stitchers will find great tips and tricks. "a sterling book . . . fills a much-needed niche' - Cynthia H, stitcher

Best Sellers Rank: #675,422 in Books (See Top 100 in Books) #107 inÂ Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Needlepoint

Customer Reviews

I loved this book! I have been a self-taught "needlepointer" for 36 years and have never taken a formal class. So why would I read this book? I love Janet Perry's needlepoint books, my favorite being "Needlepoint Trade Secrets". I enjoyed reading this book and picked up a few pointers that I wasn't aware of. It is an easy and fun book to read. Whether you are new to needlepointing or a long-time stitcher I think you will enjoy this book and probably learn something new.

"The Needlepoint Answer Book" presents a brilliant array of information. -Thank you Janet M Perry for writing a book that helps with all aspects: Vocabulary, Canvas and Threads- I will definitely have this in my library of needlepoint books- Cara Sue

As as someone new to needlepoint this book answered a lot of my questions in a clear, detailed manner. After reading it I felt confident enough to start my first needlepoint project!

While the advice in this book is helpful, it's not easy to find. Could use a table of contents on the

front end or an index at the back.
