Customer Reviews

As the estimator is fairly accurate I would also request they tailor the contracts for contractors as we can't charge sales tax at least according to Idaho law. It also would be nice to have a location about permit fees as each state does require permits pulled to do many projects. All and all a great resource for any company.

Very accurate way to estimate material / labor, especially large jobs. I've found it greatly assisted me in not under charging for labor.

great book.
